

About Ravejoint

Ravejoint is a place for people passionate about food to **hang out and share** their enthusiasm. We want to create a place where you can

discover the best food and places to eat as well as share your experiences. For those who are food critics at heart can easily blog about your favourites and even **recommend personal favourites** to friends through your profile page.

The logo for Ravejoint, featuring the word "ravejoint" in a green, lowercase, sans-serif font. The letter "v" is stylized with a white outline and a small orange square above it. The logo is set against a white background with a thin orange border.

Ravejoint

Advertise on
Ravejoint now for only
RM 200

Why advertise on Ravejoint

Ravejoint being the gathering place of food lovers becomes the perfect medium of advertising for restaurants. Every single visitor would be the target demographic which restaurant owners would want to reach. If you are not convinced yet, check out the list of benefits we included.

Pricing and Details

Introductory Package : **RM 200**

- 4 credit weeks (4 x 1 week long promotions)
- Manage your advertising online
- Control of your restaurant page

Cost effective and Simple

Affordable **weekly ads** that can be created by just filling up a form. Since it's all **text-based**, there is nothing to design and you can **modify them easily**. This gives you **flexibility and control** on when you want to run your ads.

Benefits of promoting your restaurant

Reach out to those who matter

People come to Ravejoint to **look for good food**. What better place to promote your restaurant than a place where people are **passionate about food** and always on the **look out for new promotions** in town.

Tailored to spread across online media

News travel fast and **a lot faster online**. Anyone can **email their friends** about your promotion with just a click. With **control over your restaurant page** on Ravejoint, you can make sure information on restaurant is **always up-to-date**.

Build loyalty on top of exposure

Since promotions are also **shown on your restaurant page**, you **train your customers** to come back in the future. They know exactly **where to look** for new promotions for your restaurant. This would **increase the value** of your advertising investment as time goes by.
